## Frosh Treasure Hunt To Be Held At County Park

### Sophomores Will Be Guests At Dance After Hunt

To properly celebrate the end of semester finals the frosh are planning a treasure hunt, at which the sophomores will be guests. The event will take place Friday evening, February 1, at 7:30 p. m. at the Orange county park.

Four or five prizes will be offered in the treasure hunt, according to Delmer Brown. Dancing will be the diversion of the remainder of the evening, with Dorothy McDonald at the piano.

Refreshments are also being planned.

Assisting Delmer are Clara Kate Owens, Florence Brownridge, Marcia Huber, Dorothy Harmon, Ed Adams, Stewart McPherson, and Fred Humiston.

The frosh are especially anxious that everyone come because they wish to show the sophomores a real good time in appreciation of the sophomore-freshman dance.

### Three Join Staff Of College Annual

Rose Marie Smith, Ray Lindman and Eric Twist, have been added to the Algol staff, according to Miss Eleanor Turner, editor. Miss Smith, will be music editor; Ray Lindman will take care of the drama department; and Eric Twist will be in charge of organizations.

The cover and the paper has been chosen, but will be kept secret. Miss Donaldson reports that the art motif has been chosen, and the art staff is busy working on it now. The annual will be increased in size, since new additions will be made.

At the next meeting, Eleanor Turner will give the schedule of the time the pictures are to be taken.

### Josephine Preston Speaks At Assembly

Josephine Corliss Preston will speak at the assembly February 13, according to C. C. Stewart, chairman of the assembly committee.

Mrs. Preston has been superintendent of education in Washington since 1911 and at the present time is on a lecture tour, visiting the various colleges, and lecturing to them on different phases of education.

### Fifty Dollar Prize Offered Best Commercial Study On Graduation

The First National Bank of Santa Ana has agreed to award at commencement, a prize of fifty dollars in gold to the student graduating in commerce who in the judgment of the faculty shows the best promise for success.

This announcement was made by A. J. Crookshank, president of the bank. The purpose of this prize is to help some deserving man or woman in getting future business training.

The award is to be an annual one. In deciding the winner grades in commerce, activities in school and any other factor that shows a natural capacity for business, will be taken into consideration.

Mr. Holmes states that Santa Ana junior college has a better commercial department than most junior colleges, and therefore offers the students interested in commerce a splendid training in the commercial field.

### O. K. And Press Club Planning On Parties

St. Valentine's day will be properly observed by the O. K. club members, when on February 15, they will meet at the home of Carol Bertolet for a party.

Definite plans have not been made, according to Bertolet, who was recently elected president of the O. K. club.

The Long Beach pike will be the place of the next Press club party which, according to present plans will be held on February 15. A short business meeting of the club will be held Wednesday, February 13, at which new officers will be elected and a new name will be adopted.

The meeting will take place at 3:30 p. m. either in the Don office or the "Y" hut.

### Karl Wood's Team Winner In Y Drive

Though the annual Y. M. C. A. drive last week ended with only \$180 instead of the planned budget of \$235, the drive was considered a success. According to Mr. Beeman, financial adviser, the boys worked very hard and most of the people solicited gave cheerfully.

Charles Spotts, treasurer of the Y. M. C. A. was general manager. He selected five team captains, Lyles McNairy, Harry Van Gorkum, William Hewitt, David Cherry, and Karl Wood. The latter's team secured the most pledges.

The Y. M. C. A. cabinet wishes to express its sincere thanks and appreciation to the men students and to members of the J. C. faculty for helping them out so cheerfully.

### Co-operative Club Has Social Affair

Miss Myers entertained the Coop club with a delightful party at her home on South Ross, last Friday evening.

Games and dancing were enjoyed during the evening.

At a late hour ice cream, cake, coffee and candy were served at two tables decorated with tapers. Poinsettias and greenery carried out the color motif.

The Coop club is planning many such similar delightful affairs for next semester, according to Ted Cook, president. Since half of the class works one week, and the other half the next week, these parties serve in keeping the students enrolled in retail management, in touch with each other.

The Misses Margaret Richardson, Hilda Frick, Ruth Judin, Marjorie Ellis, and Ted Cook, Robert Lowry, Omar Williams, Curtis Van Syoc, were Miss Myer's guests.

### President Of Students Rules College For Today; Old J. C. Officials Give Up Duties To New Executive Committee

#### Santa Ana Debates Two Schools Mar. 1

Willard White President For Next Semester; Joy Wilson Vice-President

#### LATE NEWS BULLETIN

The following people were appointed by the new executive board last evening: commissioner of the Don, Adelaide Mueller; commissioner of men's athletics, Robert Chapman; commissioner of forensics, Dean Cowley; commissioner of women's athletics, Dorothy Harman; social commissioner had not been chosen up to time of publication. The new and old boards will meet this afternoon.

The old regime passeth. Today is King's Day, the last day under the old administration. Everyone must obey the orders of the King or be punished by his Inquisition. George Tobias, the King, is planning a number of clever surprises. The biggest event of the day will be the installation of the new officers of the executive board at assembly.

The retiring officers George Tobias, president; Charles Young, vice-president; Harold Watson, treasurer; and Joy Wilson, secretary, had a most successful term. Much for the school has been accomplished under their administration.

Last Wednesday's student body election gave Willard White the presidency for next semester, Joy Wilson, vice-president, Margaret Glenn, secretary, and Louis Hanson, treasurer. A total of 194 votes were cast out of a possible 308 eligible voters. 114 student body ticket holders did not vote in this election.

The polls were open all day, thus giving every one a chance to vote. Those on the election board were: Helen Richards, George Tobias, Mary Bruner, Sherrill Spurgeon, Adelaide Mueller, Madelyn Morelock, Theodore Roth, Harold Watson, Sterling Barnett and Julie Bingham.

### New and Old Boards To Hold Meet Today

The executive board will hold a joint meeting of the old and new commissioners this afternoon, at 3:30 in the student body office.

The old commissioners will present their reports and the new commissioners will be installed. It is necessary that everyone be present at this meeting.

## Over The Editor's Desk

## FAREWELL!

This issue is the last to be put out by the present staff. Due to the final examinations next week, this Don will be the final one for this semester.

Because of false rumors circulated during the past week and because of the misleading statements made by one of the local papers, we would like to say that the editorship of the Don is not changing through any sort of resignation. The amendment passed last year made this office a one semester position. The editor merely goes out of office as do all other student officials except the Algol editor.

And so now comes our swan song! With a feeling of regret we hand over our pencil to the next editor, for in doing so many happy moments rush to our mind in working on the Don.

To the next editor we give all our best wishes for a successful term and the hope that they may get as much joy out of editing the Don as we have.

## CONGRATULATIONS

To Willard White, Joy Wilson, Margaret Glenn, and Louis Hanson we tender our heartiest congratulations on winning one of the best conducted elections in the history of our college. We are sure that in choosing these officials to lead them, the students have made no mistake.

Prospects for the coming term are bright and with these students to direct its policies, it is sure to be known as one of the most successful terms this school has ever had.

## ALL HAIL THE KING

All hail King Toby! Today, faculty and students alike hand over the reigns of authority to our out-going president, George Tobias.

May we take the privilege at this time to express a feeling concerning our Toby that we know is in the hearts of every student? This school has never had a more loyal, hard-working president than Toby. In his official capacity and as a personal friend, the students know him as one who has a philosophy of life and practices it.

With a new set of students every two years it is difficult in junior col-

lege to leave behind a memory that will live. Only a few accomplish this and Toby is one of them.

And so on this day of days, may we as subjects do honor to our leader. All hail, the King!

## FINALS

Tomorrow the classes for this semester end, and on Friday we start in on a seige of final examinations. We wish that we could hope that there would be no disappointment occur because of the necessary tests, but that would be foolish.

However, success be yours!—if you feel that the wish will do you any good.

## ALL IN FUN

Little boys in short pants, college students dressed as hicks, cries of "Cut it out", "Assume the angle," scum", and other curious happenings may be seen and heard around our halls during these present weeks, for the Bachelors and the Junior Lions are completing their initiation—and how!

On the surface it is all in fun—that is, for the spectators—but underneath, there is a real value to these initiations. When a student has to go through all manner of stunts before laughing crowds, wear clothes that came out of a junk pile, and perform any service to his fellows that is requested; then he values more the honor he is attaining by being elected to the club and the friendship that he finds within the organization.

## LOOKING AHEAD

Last year the college presented a Shakesperian play, "The Taming of the Shrew". It was considered to be the most ambitious undertaking of the year.

This year it is the hope of Mr. Phillips to present "Macbeth", an even more ambitious attempt. This cannot be done without the aid of all students, even if it is only to support the play.

A great deal of help will be needed within all parts of the production: acting, staging, advertising, and many other jobs necessary to a successful presentation. When the call comes, it will be as a test of the real spirit of this college.

## Photos Demanded By Dean's Office

### Those Who Have Not Handed In Pictures Will Not Receive Grades

A good snap-shot, or a small photo may keep a student in school for the coming semester, is the rumor from the dean's office.

Those who have not handed in pictures of themselves for reference in the office will not be allowed to register for further college work and will not get their first semester's grades.

The pictures are to be two inches square and a cheap rate of photography may be had at the Mary Smart Studios.

Persons registering for the first time will be required to hand in their pictures before being able to register for college work.

A number of classes are now being offered which are not a continuation of the first semester's work. These will be especially beneficial to students who need extra credits.

In the English department, three two-unit courses are available. Mrs. Northcross will teach modern poetry, Mr. Glenn, modern drama, and Miss Miller, American literature.

The women's physical education department is offering elementary swimming and folk dancing with Miss Leck as instructor, and advanced swimming and clogging under the supervision of Mrs. Foote. Miss Curtis will teach hygiene, a two-unit course.

Hygiene for men will be taught by Mr. Scott.

Those who are interested in music may take beginning voice, one-half unit; beginning piano, one unit; orchestra, one unit; or chorus, one unit.

A class in American constitution, a two-unit course and open only to sophomores will be taught by Mr. Fisk. Mrs. Tessmann will instruct a course in elementary astronomy, and Mr. Newcomer in economic geography. Both give three-units. A one-unit course of art survey will be supervised by Miss Donaldson.

Retail advertising, retail marketing, business geography, economic history of the United States, public speaking, and lettering are offered in the commerce department.

### Exchanges

Thirty-nine junior college students expect to be graduated in June. This is the second class to be graduated from here, and is the largest.—San Bernardino.

We hear that wine, women, and song are very passe. The youth of today goes in for gin, jazz, and Jive's.—The Javelin, Chicago, Ill.

A new \$450,000 teacher's college is under construction for U. C. L. A. at departments of music, fine arts, education, psychology, home economics and other branches of the teachers training course.

And then there was the Scotch man who tried to beat the box office by walking backwards into the theatre.—Crane, Illinois.

She: "Do you really think I'm pretty?"

He: "Yes, pretty in two ways. Pretty homely and pretty apt to stay that way."

### Staff To Meet

All editors and reporters of the Don staff will enjoy their annual semester banquet at Ketner's Gold Room, Monday, February 4.

At this time the staff will be reorganized and plans will be made for the second semester's work.

## Annual Bachelors' Ball Comes Feb. 9

A "Bigger and Better Bachelor's Ball" is what all the Bachelor's are planning for the Associated Students on the evening of February 9.

It is rumored that Charles Spotts, president of the society has several unique ideas in mind to make the ball eclipse all previous and all future social events of the year.

There is a probability of a banquet at which the new officers will be formally installed.

## Exam Schedule Now Posted On Board

Semester examinations on next Friday!

The exam schedule has been posted on the bulletin board for the past several weeks, to allow ample time for students to notify the office in case of conflicts.

There are to be two "sessions" of exams every day for a week, beginning Friday. The schedule states clearly where and when each class is to meet for its exam.

Blue books will be supplied gratis to students, in case they have paid the twenty-five cent fee at the office as required. So nobody will have anything to worry about except the questions to be asked.

## Macbeth Chosen Annual J. C. Play

Macbeth has been chosen as the annual J. C. play, and as soon as the second semester opens the play will be cast and work will be started on it at once.

The advanced drama class of S. A. J. C. presented the play, "The Mayor and the Manicure," at Tustin Union High School, January 17. The play was well received. The cast included Ray Lindman, the mayor; Roberta Elly, the manicurist; Clara Kate Owens, Ruth Foster; and Paul Spaeth, Wally.

## Spelling Exam Will Be Given

A spelling examination for all English 1A and English 1B students, who have not passed the examination will be given today at 3 o'clock in room 20.

Spelling lists may be secured from any of the English teachers.

Subject A examination will be given Friday, January 25, in room 11. All students who have not passed or have never taken it, must report for the examination.

### The Don

## Eric Twist Will Lead J. C. Lions

### Other Officers Are Chosen And Final Initiation Planned

Eric Twist was elected to succeed Willard White as president of the Junior Lions. The other new officers are: Fred Humiston, vice-president; Delmer Brown, secretary; Terry Stephenson, treasurer; Bill Jerome, Lion Tamer; and Wylie Carlyle, Tail Twister. The other new members of the board of directors are: Willard White, Leonard Morris, and Felix Garnsey. The election was held January 17, at Terry Stephenson's home.

New officers were installed at the meeting on Monday night, January 21. The Senior Lions were the guests at the meeting. A very good program of music was furnished by the pledges. Initiation of new members within the near future is being planned.

## "Hole In Wall" Is Latest Improvement

"The Hole in the Wall" is the latest school institution and is designed to furnish the students with the best in confections and hot dogs. This new store will make it easier for the students to get lunch in a hurry.

Many other new improvements have been made in the cafeteria itself. The main cafeteria has been enlarged and a number of new all white tables and chairs have been purchased. The service table has been rearranged so that students can be served more readily.

Roberta (timidly): "Pardon me, sir, but will you help the working girl's home?"

Bill J.: "With pleasure; where are they?"

He: "I have a girl in Texas and she's been in the county hospital for 10 years."

She: "That's too bad. What's wrong with her?"

He: "She's a nurse."

Telegraphic rifle meets with leading teams of the East and Middle-West are being arranged for the University of Southern California.—U. C. L. A.

### Employment

Perhaps many college students, especially the women, are unaware of the fact that Mr. Holmes has charge of an employment bureau. Mr. Holmes states that he has many splendid openings for students who wish to make a little money. The jobs are of all kinds, and students wishing to work are urged to see Mr. Holmes, and he will give them suitable work.

## Gay Parisians Sport At Recent Luncheon

La Fete des Rois Mages or King's Day falls on the sixth of January. It is said that upon this date the Three Wise Men reached the city of Bethlehem and paid homage to the Christ Child. This holiday is not celebrated in our country but is in France. Last week the Gay Parisians joined in this celebration at their regular meeting. A tasty luncheon was served by Bomell Miller, Katherine Spicer, Fay Stinson, Isabel Syracuse, and Pauline Preston.

According to the custom the fete was observed by dividing a cake in which a bean had been baked. The person who received the bean was thereby chosen King or Queen. Alice Prather found it in her piece of cake and chose Felix Garnsey as her King. Much merriment followed as the King and Queen exercised their powers by inflicting duties upon various of their subjects. Felix demanded that Delmer Brown tell a joke in French and Melva Fletcher sing a French song. This phenomenal reign came to a close with the ringing of the bell and Felix had to run to escape destruction by revengeful members of the class.

### Shower of Necessary Articles At Pot-luck Supper

Salt, pepper, and can openers, tea towels, spoons, and a tea kettle are only a few articles included in the assortment of kitchen equipment showered upon the Y hut last night at the combination pot luck dinner and shower.

For several months the Y-kitchen has been in dire need of replenishment. Towels donated in previous years have worn out or have mysteriously disappeared; and the supply of silverware, spoons in particular, never seemed quite adequate to accommodate the large number of girls who attend the Y. W. pot-luck dinners.

Since so many organizations on the campus—the French and Spanish clubs, W. A. A., A. W. S., as well as the Y. W.—are at liberty, through the kindness of Mrs. Tessmann, to hold meetings, dinners, in the hut, there is need for a good supply of kitchen utensils.

## Cook Issues Call for Track Men

**Six Lettermen On Squad Of More Than Twenty Candidates. "Red" Guyer To Captain Team This Year**

With more than twenty men signifying their intention to go out for the track team, Coach Bill Cook is jubilant over the prospect of a winning cinder squad this year. Six of the potential candidates are lettermen from last year's squad and with the very promising material coming out for the first time the Dons ought to go over big in both the track and field events.

Guyer, the Red Flash, is captain of the dust distributors this year and will undoubtedly do his stuff in the sprints. The other lettermen who are returning are Beatty, who heaves the javelin, does the pole vault, broad jumps, and jumps the hurdles; Hafer also a javelin tosser and a 440 and relay team man; Watson who hurls the platter; Tobias in the mile and 2 mile grind; and Hind, Guyer's team mate in the sprints, performer in both the broad jump and high jump and a member of last year's relay team. There is some doubt as to Hind but he has promised to enroll in junior college the second semester. Last year "Ick" performed quite nobly in the several events and his return this year will add considerable strength to the Don track team.

The new men who have promised

to enter the lists and the events they are out for are Lusk, sprints and relay; Rust, sprints, discus and shotput; Sweetman, hurdles and high jump; Warner, sprints, 440 and relay; Carlyle, 880 and relay; Fisher, shot put and discus; Harkleroad, mile run; Edson, 880; Tanaka, sprints; Warmer, 880 and relay; Griswold, javelin; Dungan, discus; Stephenson, 440 and 880; Dawson, shot put and discus; Melvin Beatty, javelin. The last two mentioned may not enroll in J. C. next semester but both of them have told Bill Cook that it is their intention to enroll and if so they will assuredly be out for track.

With such a turnout of fellows and with the promise of several others that they will also be out, Bill Cook Weaverling (3) C Adams is getting ready to start practise at Van Gorkum G (3) Lindsey once.

Riverside Defeated  
By Santa Ana 32-17

### LATE NEWS BULLETIN

Last night the Dons successfully defended their home grounds against the onslaughts of the Riverside quintet. Foote's boys hooped the casaba for a total of 32 points, while holding the visitors to 17 points. Youel was high point man with nine tallies, while Hogue was second with 8 points.

This is the second time the Dons have defeated Riverside.

### Buccaneers Bow To Don Quintet 31-22

The Dons won their first conference game from Glendale last Tuesday evening on the local court by a 28-19 count.

The game proved to be very slow and uninteresting throughout, although at times the Dons showed their ability by completely outclassing their weaker opponents.

Youel and Beatty were the mainstays for the Dons, while for Glendale, Covington did the damage.

| Santa Ana (31) | Glendale (22) |
|----------------|---------------|
| Youel          | F Robinson    |
| Hogue          | F Covington   |
| Rust           | C Haitt       |
| Beatty         | G Eubank      |
| Valentine      | G Meade       |

three. The game was evolved by Coach Scott and he is trying it out here to see how it goes over with the athletes. If the game proves to be popular, Coach Scott may introduce it in all the city schools, if not he will introduce it to the incinerator.

From a standpoint of the spectator there seems to be no reason why the game should not be a success for not only does it allow wider scope in the matter of shots but also it is rather amusing to the spectators to see the painted "gentleman" blink an eye, tinkle a bell and spit the ball cut his mouth.
